

# MACK TRUCKS RECALL ALERT

---

**Subject:** Safety Recall SC429, MD Brake Pedal cotter pin  
**Recall Number:** SRA-M429  
**Date:** September 3, 2021  
**Applicable Markets:**  U.S.  Canada

---

## **Description**

Mack Trucks, Inc. (Mack) is recalling certain 2020 through 2022 MD model vehicles manufactured from November 18, 2019 through August 31, 2021. The cotter pin that retains the brake pedal clevis pin may not have been properly installed.

If the cotter pin comes out, the clevis pin may work loose, which can affect the operation of the brake pedal and the ability to stop the vehicle. This presents a risk of a vehicle crash. Mack has not received any reports of vehicle crashes.

**Out of an abundance of caution, the owner letter will request customers to park these vehicles until they are inspected and cleared or repaired.**

The cotter pin will be inspected and repaired if needed.

## **Model and Model Years Affected**

- Certain Mack 2020 & 2022 MD model vehicles

## **Vehicle Quantities**

- 2,946 (2,823 US, 123 Canada)

## **Dealer Responsibilities**

- The National Traffic and Motor Vehicle Safety Act and Canadian Motor Vehicle Safety Act requires dealers to ensure that all new and used vehicles are free of safety defects and comply with all relevant safety standards at the time of delivery to the consumer.
- Dealers should make their personnel aware of the safety recall. In the event that a dealer has a vehicle included in the safety recall in their inventory to be sold, the condition must be corrected before releasing it to a customer.
- Due to nature of this issue, we request that dealers with the ability send technicians to customer locations in order to perform the recall as quickly as possible. This activity will be compensated by the recall.

## **Notification Release Schedule**

- Vehicle list will be posted on the Trucks Dealer Portal on September 3, 2021
- Owner notification letters will be released on or before September 13, 2021

## **Contact**

If you have questions or concerns about this recall, contact the Regulatory Affairs Department at [vtna.regulatoryaffairs@volvo.com](mailto:vtna.regulatoryaffairs@volvo.com).
