Dear Dealer:

This **Safety Recall Notice** is sent to you in accordance with the requirements of the United States National Traffic and Motor Vehicle Safety Act and The Canadian Motor Vehicle Safety Act and is important for your safety.

Thor Motor Coach (TMC) decided that a defect which relates to motor vehicle safety exists in certain models of the below listed motorhomes.

It has been discovered that on certain model year 2021 & 2022 Venetian motorhomes, the patio awning was not properly installed on the motorhome. The awning has the potential to separate from the motorhome, which could lead to property damage, personal injury, and/or a crash while the motorhome is in motion.

The required action is to inspect the patio awning for the proper amount of screws in the brackets and install them if they are missing. The inspection should take approximately 15 minutes and the repair could take approximately up to 1 ½ hours to perform.

Dealers that have stock units impacted by this recall can access the full list of affected VINs sold to their dealership by accessing the “Service Campaign” portion of the TMC Advantage Web Portal. If any unit on this list has been retail sold you are asked to notify the retail owner as soon as possible of this recall because their vehicle was not registered at the time the retail notice was mailed. Please immediately register any retail sold units on this list. **As a reminder, you are required by law to complete this recall on any stock units in inventory prior to retail sale.
