**Subject:** Informal Notification - Re: Upcoming Recall 21V-757  
**Attachments:** Rosenbauer 573 Form\_RCLRPT-21V757-2361\_9.28.21.PDF

Hello Valued Rosenbauer Dealers,

We have submitted our initial paperwork to NHTSA and Transport Canada regarding an upcoming recall initiated by Cummins for a select few Cummins Generators. We only have a total of 7 trucks impacted in the US and Canada and I will contact you if you have one of these impacted trucks but most are in Production.

I have attached our NHTSA filing paperwork that explains the safety risk. Since our recalled population is low, we still want to make sure you are aware of the safety risk in case you witness this on non-recalled trucks. *This email is to provide an informal notification as we gather information.* I anticipate sending official letters to the customers in the next few weeks and I will contact you if you are impacted.

Feel free to reach out if you have any questions.
