

Critical Recall Y78 & TSB 18-054-21 Step

Powertrain - Diesel Engine

05-13-2022

CAUTION! The PCM MUST be programmed with the correct calibration to support the new High Pressure Fuel Injection pump. If the correct PCM calibration with the CP3.3 injection pump description is not showing in wiTECH, "STOP" and contact Star.

Note: The VIN Order Entry system must be used for repairs under these Service Actions.
