

New Safety Recall Advanced Communication – Y86

FCA US LLC (FCA US) has announced a safety recall on certain 2022 Model Year (WS) Wagoneer/Grand Wagoneer vehicles.

VINs identified as being involved in this campaign are currently live and searchable. **Stop sale is in effect for the above-identified vehicles.**

Vehicles impacted by a stop sale are eligible for reimbursement allowance through the Recall Floorplan Reimbursement Policy (RFPRP), which can be requested upon recall claim submission.

IMPORTANT: Some of the involved vehicles may be in dealer new vehicle inventory. Federal law requires you to complete this recall service on these vehicles before retail delivery. Violation of this requirement by a dealer could result in a civil penalty of up to \$21,000 per vehicle. Involved vehicles can be determined by using the VIP inquiry process.

REASON FOR THIS SAFETY RECALL

Some of the above vehicles may have a 2nd row rear center seat recliner pull strap that may bind on the seat trim surface and may prevent the seat back from locking into the upright position.

The condition described above does not comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 207 S4.3 requires that, "Except for a passenger seat in a bus or a seat having a back that is adjustable only for the comfort of its occupants, a hinged or folding occupant seat or occupant seat back shall be equipped with a self-locking device for restraining the hinged or folding seat or seat back, ..." Vehicles built with a seat recliner strap that binds on the trim cover surface may not meet the self-locking requirement.

SERVICE ACTION

FCA US will conduct a voluntary safety recall to inspect the second row middle seat recline pull strap function and replace if needed. Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in 4th Quarter of 2021.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.
