IMPORTANT SAFETY RECALL

JULY 2021

SAFETY RECALL NOTICE

NHTSA Recall No. – 21E-054

To: Owners of Certain Drag Specialties Replacement Laced Wheels

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

LeMans Corporation, d/b/a/Drag Specialties (“LeMans”), has decided, based on information provided by the fabricating manufacturer, that a defect related to motor vehicle safety exists in certain Drag Specialties Replacement Laced Wheels. This notice applies to chrome, rear, 16” x 3.00” size wheels, Part No. 0204-0369, manufactured from July 1, 2019, through June 1, 2021, and delivered after August 21, 2019. Specifically, the holes for the spokes in the hub of some these wheels are misaligned, which could cause wheel failure resulting in a crash without warning, increasing the risk of injury or death. According to dealership records, it appears that you purchased one of the covered wheels.

WHAT THE MANUFACTURER WILL DO

We will provide a non-defective replacement wheel at no cost to you. This replacement will take approximately 2 hours.

WHAT YOU SHOULD DO

If you have a wheel covered by this recall, i.e., if you purchased a Part No. 0204-0369 wheel after August 21, 2019, please immediately stop using the wheel.

Please contact your dealer promptly to make an appointment to receive a free replacement wheel. If the dealer does not have a replacement wheel in stock, the dealer will contact you to schedule an appointment as soon as a replacement wheel becomes available.

Your dealer will make arrangements with you to return the defective wheel. If you are not able to remove the wheel and bring it to the dealership for a replacement, the dealer will arrange to pick up your motorcycle to install the replacement wheel and then arrange for it to be returned to you.

FAX 608/758-1144 PHONE 608/758-1111

If you have incurred costs due to this defect that would have otherwise been carried out under this recall, you may be entitled to reimbursement. Please call (800) 369-1000 for more information.

If you have any questions about this recall, please contact LeMans at (800) 369-1000 (please enter Prompt #1 for “Dealer Services”) or by email at magraves@parts-unltd.com.

If you have any problems obtaining a replacement wheel, you can contact NHTSA at the address below:

Administrator
National Highway Traffic Safety Administration
1200 New Jersey Avenue, SE
Washington, DC 20590

Alternatively, you may call the DOT Safety Hotline toll-free at 1-888-327-4236 (TTY: 1-800-424-9153) or go to www.safercar.gov.

Please know that the LeMans and Drag Specialties are committed to quality and safety, and we apologize for any inconvenience this notification may cause. We will be happy to work with you in any reasonable way that supports your satisfaction and safety.

Thank you for being a valuable Drag Specialties customer.
