

*****IMPORTANT SAFETY RECALL*****

NHTSA Recall No. 21E-090

WABCO Campaign #TP19118

[Date]

Dear WABCO Customer:

This notice is sent to you in accordance with the requirements of the National Traffic Motor Vehicle Safety Act.

WABCO USA LLC has determined that a defect which relates to motor vehicle safety exists in certain iABS-2M trailer ABS units that were manufactured between September 19, 2019 and October 6, 2021. WABCO has initiated a recall of the subject iABS-2M units.

What products are affected?

Brand	Model	P/N
WABCO Trailer Anti-Lock Braking System	iABS-2M	400 500 420 0 (standard)
WABCO Trailer Anti-Lock Braking System	iABS-2M	400 500 430 0 (premium)

What is the problem?

Screws securing the bracket cover and end cover of affected iABS units may have been under torqued, creating the potential for the screws to back out over time. If this occurs, there could be a loss of pressure inside the unit, resulting in a potential loss of service braking or loss of control pressure during operation for a trailer connected to the iABS without warning. A loss of service braking or control pressure for a trailer may increase the risk of a vehicle crash.

What Are We Doing About the Problem?

To correct this issue, WABCO has released field safety campaign #TP19118, "iABS Part Replacement." WABCO will inspect your trailer's iABS to ensure that the bracket and end covers are properly secured. iABS units with under-torqued screws will be replaced. This campaign is currently available at WABCO Distributors and authorized Warranty Dealers. The repair will be completed free of charge, and most applications will require approximately 2.5 hours to complete (0.5 hours for the serial number inspection, and 2.0 hours to replace the iABS, if required).

What should you do?

Contact the nearest WABCO Distributor or authorized Warranty Dealer to arrange to have this campaign performed on your iABS. The distributor or dealer will work with you to schedule the best date to complete this repair.

Federal law requires vehicle lessors receiving this recall notice to forward a copy of this notice to the lessee within ten (10) days.

Who Should You Contact If You Have Further Questions or Concerns?

If you have any additional questions regarding this recall, please contact your local WABCO Distributor or authorized Warranty Dealer. You may also contact the WABCO Customer Care Center at **1-855-228-3203**.

If you are unable to obtain a remedy without charge within a reasonable time, you may submit a complaint to:

Administrator
National Highway Traffic Safety Administration
1200 New Jersey Avenue, SE
Washington, DC 20590

You may also call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

If you are no longer the owner of the recalled iABS unit or the vehicle in which the recalled unit has been installed, please forward this notice to the new owner or provide the new owner's contact information to WABCO so that we can notify them of this recall.

WABCO is committed to the safety of its products and appreciates your assistance with this recall.

Sincerely,

Daryl Sinclair
