This notice applies to your Hyundai, VIN:

Dear

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that certain 2022 model year Santa Fe Hybrid and Santa Fe Plug-in vehicles in the U.S. and Canadian markets fail to conform to Federal Motor Vehicle Safety Standard No. 101, "Controls and Displays." Hyundai is initiating recall campaign 217, a noncompliance recall to repair a condition involving the instrument panel cluster display. Hyundai is conducting this action to ensure the safety of its vehicles for Hyundai customers. Our records indicate that your vehicle is affected by this campaign.

What is the problem?

The instrument panel ("IP") cluster liquid-crystal display ("LCD") in the subject vehicles may invert the image on the screen upon vehicle startup, making the display illegible. If an instrument cluster is illegible, it will not show information such as vehicle speed or safety system warnings, which can increase the risk of a crash.

What will Hyundai do?

Your Hyundai dealer will replace the IP cluster. This procedure will be performed at **NO CHARGE** to you.

What should you do?

Please contact your nearest Hyundai dealer to schedule this procedure by visiting www.HyundaiUSA.com/us/en/dealer-locator or calling 1-855-371-9460.

The actual time required to perform this procedure on your vehicle will take less than one hour, however your vehicle may be needed longer. Therefore, we recommend scheduling a service appointment to minimize inconvenience.

If you have other questions

If you require further assistance, you may contact the Hyundai Customer Care Center at 1-855-371-9460. If you believe that the dealer or Hyundai has failed or is unable to remedy the defect without charge, or within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, D.C. 20590, or call the toll free Vehicle Safety Hot Line at 1-888-327-4236 (TTY: 1-800-424-9153), or go to <https://www.safercar.gov>.

Thank you for your attention to this important safety matter. We apologize for any inconvenience this may have caused you.
