# IMPORTANT SAFETY RECALL

March 2021

This notice applies to your vehicle, VIN: \_\_\_\_\_

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors, based on information provided by Continental Tires the Americas (CTA), has decided that a defect which relates to motor vehicle safety exists in certain Continental tires installed as original equipment on 2018-2021 model year Chevrolet Express and GMC Savana vehicles; certain 2018-2020 model year Chevrolet Blazer and Silverado 1500 and GMC Acadia and Sierra 1500 vehicles; and certain 2020 model year Buick Enclave, Cadillac Escalade, Escalade ESV, XT4, XT5, Chevrolet Suburban, Tahoe, Traverse, and GMC Yukon and Yukon XL vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

## IMPORTANT

- Your vehicle is involved in GM safety recall N212329050.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

### Why is your vehicle being recalled?

According to the tire manufacturer, Continental Tires the Americas (CTA), the affected tires may have an overcure condition and CTA has initiated a safety recall for these tires.

According to CTA, overcured tires may experience a carcass break in the sidewall with sudden air loss or could develop a belt edge separation which could lead to partial or full tread/belt loss. These conditions may increase the risk of a crash.

### What will we do?

Your GM dealer will inspect your vehicle's tires. If a tire has the DOT number and production mold number combinations identified by Continental as subject to the recall, your dealer will replace the tire with a new tire of the same or equivalent size and description free of charge, including mounting, balancing and taxes.

If you have already replaced an affected tire prior to your receipt of this notice due to the condition described, Continental may reimburse you for the cost of the comparable replacement tire, including mounting, balancing and taxes. To be eligible for reimbursement, you must complete a Reimbursement Request Form and submit this form with the required documents to Continental. The Reimbursement Request Form is available at [www.continentaltire.com](http://www.continentaltire.com), scroll to the bottom of the page and click on TIRE RECALL or you may request a form by calling CTA Customer Relations at 1-888-799-2168.

The tires must meet both DOT and mold number in order to be part of the recall. Details of the DOT and mold number combinations can also be found on [www.continentaltire.com](http://www.continentaltire.com), scroll to the bottom of the page and click TIRE RECALL.

Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual inspection or service correction time of approximately 90 minutes.

**What should you do?**

You should contact your GM dealer to arrange a service appointment as soon as possible.

**Do you have questions?**

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.
