### **IMPORTANT SAFETY RECALL**

THIS NOTICE APPLIES TO YOUR VEHICLE – SEE VIN IN ANNEX A

M. Joe Customer  
Bus transit co  
260, Banker Road  
Plattsburgh, NY, 12901

Saint-Eustache, May 6<sup>th</sup> 2021

This Defect Notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Nova Bus has decided that certain Nova Bus LFS and LFS Artic Model Year 2008 to 2020 fail to conform to Federal Motor Vehicle Safety Standard No. 108.

Nova Bus have voluntary filed the vehicle recall 21V-151 and will issue a recall campaign service documents CR5077 to address this situation.

On the affected vehicles the stop lamps and tail lamps center line height are at 75 inches from the ground. The FMVSS 108 table I-a requires "Not less than 15 inches, nor more than 72 inches". Under certain conditions, this may increase the risk of a crash due to reduced stop lamp and tail lamp visibility. Nova Bus has not received any report of injury or death associated with this defect. Therefore, we consider this as a proactive measure to protect the public from the potential safety risk associated with this defect.

Nova Bus will release a service document explaining the remedy program. This document will be available to you on our web site at <http://www.novabus.com/on-line-services.html>. The necessary replacement parts are available via the Prevost Parts distribution network. Nova Bus will assume the parts and labour costs according to the warranty claim policies in effect. The vehicle can be remedied starting from May 25<sup>th</sup> 2021 according to parts availability. The repairs should take approximately 30 minutes to 45 minutes to complete.

Any lessor who receives a notification of a determination of a safety-related defect or noncompliance pertaining to any leased motor vehicle shall send a copy of such notice to the lessee. This requirement applies to both initial and follow-up notifications.

After contacting your customer support manager, if you are still not able to have the safety defect remedied without charge and within reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590; or call the toll-free Vehicle Safety Hotline 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

You may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of a problem associated with this defect. Submit copies of all documentation supporting your claim according to the rules specified in the "General Plan for Reimbursement of Pre-notification Remedies" provided in this mailing under the heading "Annex B".

If you have any questions regarding the requirements of this campaign, please contact your customer support manager.

Sincerely,

Kevin Dawson  
Vice-President General Manager Services
