**NHTSA RECALL 21V-474**

Dear Rogue Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain 2021 Model Year Nissan Rogue vehicles fail to conform to Federal Motor Vehicle Standard (FMVSS) number 225, "Child Restraint Anchorage Systems." Our records indicate that you own or lease the Nissan vehicle subject to this recall as identified by the VIN on the inside of this notice.

**Reason for Recall**

**Motivo del Retiro**

In certain Rogue vehicles, the second row top tether anchors may have an insufficient weld connection to the seat back frame. The top tether anchors of the second row seat are part of the Lower Anchors and Tethers for Children (LATCH) system that secures child car seats in your vehicle. In this condition, the second row top tether anchors may bend or move when a pull force is applied and may not meet the regulatory requirements of FMVSS No. 225. Because of the unintended movement of the anchor, a child seat may not be secured during a crash or sudden stop, increasing the risk of possible injury to a child occupant.

**What Nissan Will Do**

**Qué Hará Nissan**

Your Nissan dealer will inspect the LATCH top tether anchors and replace, if necessary, the second row rear seat backs free of charge for parts and labor. The inspection should take less than one (1) hour to complete; however, if seat replacement is necessary the repair could take up to three (3) hours. Your dealer may require the vehicle for a longer period of time based upon the dealer's work schedule.

**What You Should Do**

**Qué Debes Hacer**

**If you are using, or will install, a child seat using the LATCH Top Tether Anchors in the second row, contact your local Nissan dealer for immediate service before using the child seat.** If you are not using a child seat, you may contact your Nissan dealer at your earliest convenience in order to arrange an appointment to have your vehicle inspected, and if necessary, repaired. Please bring this notice with you when you keep your service appointment.

Comunícate con cualquier concesionario Nissan a la mayor brevedad para concertar una cita de reparación para tu vehículo. Se requiere que traigas esta notificación el día de tu cita.
