NHTSA RECALL 21V-555

Dear Rogue Sport Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain 2021 Model Year Nissan Rogue vehicles fail to conform to Federal Motor Vehicle Standard (FMVSS) number 208, "Occupant Crash Protection." Our records indicate that you own or lease the Nissan vehicle subject to this recall as identified by the VIN on the inside of this notice.

Reason for Recall

Motivo del Retiro

Due to a supplier manufacturing concern, the front passenger and/or and rear outer seat belt assemblies in certain Rogue Sport vehicles may not meet the requirements of FMVSS No. 208. In order to secure certain child seats using only the seat belt, the seat belt must be put in Automatic Locking Retractor (ALR) mode to remove extra seat belt slack. The ALR lever inside affected seat belts may unintentionally deactivate early and switch to Emergency Locking Retractor (ELR) mode, which could allow the seat belt to become loose. In this condition, if the vehicle owner uses the seat belt to secure the child restraint seat and the seat belt should become loose, there is increased risk of injury in the event of a crash or sudden stop.

What Nissan Will Do

Qué Hará Nissan

On certain vehicles, your Nissan dealer will replace the front passenger seatbelt and, on other affected vehicles, dealers will replace the front passenger and both outer rear seatbelts. This repair will be free of charge for parts and labor. The service could take up to two (2) hours to complete. However, your Nissan dealer may require the vehicle for a longer period of time based upon their work schedule.

What You Should Do

Qué Debes Hacer

If you are using, or will install, a child seat using the seat belt Automatic Locking Retractor (ALR) mode, contact your local Nissan dealer for immediate replacement before using the child seat. Please contact your Nissan dealer at your earliest convenience in order to arrange an appointment to have your vehicle repaired. Please bring this notice with you when you keep your service appointment.

Si está usando, o va a instalar, un asiento para niños usando el modo de retractor de bloqueo automático (ALR - por sus siglas en inglés) del cinturón de seguridad, comuníquese con su distribuidor Nissan local para un reemplazo inmediato antes de usar el asiento para niños. Comuníquese con cualquier concesionario Nissan a la mayor brevedad para concertar una cita de reparación para tu vehículo. Se requiere que traigas esta notificación el día de tu cita.
