Body Serial Number: ALSF-96-6815-4-19

Chassis: 2019 Chevrolet 3500 Crew Cab

Chassis VIN: 1GB4KW

Description:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Swab Wagon Company, Inc. was notified by the National Highway Traffic Safety Administration (NHTSA) on August 16th, 2021, that we had purchased and installed lighting equipment from ECCO Holdings Corp. (Code 3), that was later determined to be noncompliant

with Standard No. 108 of the Federal Motor Vehicle Safety Standard (FMVSS). The lights are

the combination LED stop/tail/turn/back-up lights, Code 3 model #79STTRBZ. The lamps

exceed the maximum permissible candela levels specified in the FMVSS standard. The excessive brightness may affect the vision of other drivers, increasing the risk of a crash. According to our records, a pair of these lights were installed on the back of the above described vehicle. Should you no longer be in possession of this Swab Pioneer body, please contact us with the updated ownership information.

Remedy:

Owners of the affected vehicle are to contact Code 3 Technical Support at (314)-996-2800 and request a filter kit, Part No. CZ0199. The kit will be provided to you free of charge. Owners are to install the filter kits on the lights as soon as they are received. If Code 3 is unable to perform this procedure without charge, or within a reasonable amount of time, you may also contact the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Thank you for your cooperation in this matter. Please call us at 1-800-834-7922 should you have any questions or concerns.

Sincerely,

Stuart A. Margerum,
President
