IMPORTANT SAFETY RECALL
See enclosed VIN list

Subject: TBB HDX Alternator Charge Cable Routing

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Trucks North America LLC (DTNA), on behalf of its wholly owned subsidiary, Thomas Built Buses, has decided that a defect which relates to motor vehicle safety exists on specific model year 2016-2021 Thomas Built Saf-T-Liner HDX buses manufactured July 30, 2015, through September 14, 2020.

On certain Saf-T-Liner HDX buses, a power steering hose may be routed with inadequate clearance between the hose and power cables. This reduced clearance may allow the power steering hose to rub against a power cable. This contact and wear may increase the risk of a fire.

The power steering hose routing will be inspected and modified as necessary. Repairs will be performed by Daimler Trucks North America authorized service facilities.
