Subject: Compliance Recall 91CR – Rearview Camera

Dear Audi Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Audi has decided that certain 2021-2022 model year Audi vehicles fail to conform to Federal Motor Vehicle Safety Standard No. 111, *Rear Visibility*. Our records show that you are the owner of a vehicle affected by this action.

What is the issue? Under certain operating conditions, the response time of the rearview camera image might not meet regulatory requirements. The rear view camera picture might not be available when beginning to back up which may cause impairment of the driver's ability to see areas to the rear of the vehicle. This can increase the risk of a crash.

What will we do? To correct this noncompliance, your authorized Audi dealer will update the control unit for infotainment of the MIB3 with an updated set of parameters. This work will take about an hour to complete and will be performed for you free of charge. Please keep in mind that your dealer may need additional time for the preparation of the repair, as well as to accommodate their daily workshop schedule.

What should you do? Please contact your authorized Audi dealer without delay to schedule this recall repair. For your convenience, you can also visit www.audiusa.com and click on the "Find a Dealer" link to locate a dealer near you and schedule this service.

Lease vehicles and address changes If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. Can we assist you further? If your authorized Audi dealer fails or is unable to complete this work free of charge within a reasonable time, please contact Audi Customer Experience at 1-800-253-2834 or via our "Contact Us" page at www.audiusa.com.
