Subject: Safety Recall 42L2 – Suspension Strut

Dear Audi Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Audi has decided that a defect, which relates to motor vehicle safety, exists in certain 2022 model year Audi vehicles. Our records show that you are the owner of a vehicle affected by this action.

Audi of America, Inc.
3800 Hamlin Road
Auburn Hills, MI 48326

What is the issue? A retaining ring on top of the suspension strut could come loose due to a potentially insufficient notch. If the retaining ring on top of the suspension strut gets loose, the air within the pneumatic spring will be released, leading to a loss of ride comfort accompanied by a drop in ride height on the affected suspension strut. Vehicle handling capabilities could be affected, increasing the risk of a crash.

What will we do? To correct this defect, your authorized Audi dealer will inspect and, if necessary, replace the affected suspension strut. The inspection will take about an hour to complete and will be performed for you free of charge. If, after inspection, your vehicle requires further repair or if parts need to be ordered, your dealer will require additional time for parts to be shipped and to complete this repair. Please keep in mind that your dealer may need additional time for the preparation of the repair, as well as to accommodate their daily workshop schedule.

What should you do? Please contact your authorized Audi dealer without delay to schedule this recall repair. For your convenience, you can also visit www.audiusa.com and click on the “Find a Dealer” link to locate a dealer near you and schedule this service.

Precautions you should take If the vehicle is experiencing the recall condition, a warning message, along with a red warning light, will be displayed indicating an air suspension malfunction. If this happens, customers are advised to contact an authorized Audi dealer without delay and make arrangements to have the vehicle inspected/repaired.

Lease vehicles and address changes If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.
