VOLUNTARY SAFETY RECALL CAMPAIGN 2018-2021 TITAN; GENERAL GRABBER APT & GENERAL GRABBER HTS TIRE INSPECTION

CAMPAIGN ID #: PC798

APPLIED VEHICLES: 2018-2021 Titan Non-XD (A61)

Check Service COMM or Dealer Business Systems (DBS) National Service History to confirm campaign eligibility.

NOTE: This campaign does not apply to Titan XD models.

INTRODUCTION

Nissan is conducting this voluntary safety recall campaign on certain specific model year 2018-2021 Titan Non-XD models with General Grabber APT tires, size 275/70 R18 S, or with General Grabber HTS tires, size 265/70 R18 S, to inspect all four tires and, if necessary, replace the tires that match the inspection result criteria. This service will be performed at no charge to the customer for parts or labor.

IDENTIFICATION NUMBER

Nissan has assigned identification number PC798 to this campaign. This number must appear on all communication and documentation of any nature dealing with this campaign.

DEALER RESPONSIBILITY

It is the dealer's responsibility to check Service COMM or Dealer Business Systems (DBS) National Service History for the campaign status on each vehicle falling within the range of this voluntary safety recall which for any reason enters the service department. This includes vehicles purchased from private parties or presented by transient (tourist) owners and vehicles in a dealer's inventory. Federal law requires that new vehicles in dealer inventory which are the subject of a safety recall must be corrected prior to sale. Failure to do so can result in civil penalties by the National Highway Traffic Safety Administration. While federal law applies only to new vehicles, Nissan strongly encourages dealers to correct any used vehicles in their inventory before they are retailed.

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. **NOTE:** If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.
