This notice applies to the vehicle identification number below.

[REDACTED]

Dear Valued Customer,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Spartan Fire, LLC has decided that a defect which relates to motor vehicle safety exists in certain model year 2009-2021, Gladiator, MetroStar, MetroStarX and Commercial model emergency response chassis cabs.

Please note: The Vehicle Identification Number that may be affected by this recall is located at the top of this letter.

What is the defect?

On the affected vehicles, this potential defect is related to the remedy of a previous recall 18V-424. The interior parts of the pump shift solenoid may become corroded and subsequently fail. Corrective Action:

Spartan dealers will remove and replace the pump shift solenoid at no charge.

Labor Time:

Removal of the affected pump shift solenoid and installation of the new solenoid may take up to 2 hours.
