This notice applies to your vehicle: «VIN»

Dear «POLKNAME»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

**Our records indicate  
YOUR UNIT HAS NOT BEEN  
REMEDIED.  
Please **DO NOT** ignore this notice!**

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2017-2021 Cougar Fifth Wheels. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

***Reason for  
this recall***

It has been decided under certain side load stress conditions the frame exhibits excessive flexing at the area of the axle spring hangers. Under certain conditions during travel, the frame rail may yield and buckle possibly leading to an increased failure and vehicle crash.

***What we  
will do***

Keystone representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is to add cross braces between each spring hanger and an outrigger between the tires on the off door side of the vehicle. The service and parts required for this corrective action will be provided at no charge to you.

***What we  
need you to  
do***

Unload the vehicle before transporting to the dealer for repairs. As soon as possible, please make an appointment to have your RV serviced by your dealership. The labor time to perform this correction is approximately 1 hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair.

**BE ADVISED –  
Damage caused by failure to have the  
recall remedy completed will be the  
responsibility of the owner.**

***If you have  
questions***
