Call 1-909-515-8402 to schedule your FREE repair or schedule online.

WHY YOU'RE GETTING THIS

Your 2020 Yaris was designed and manufactured by Mazda under an agreement between Toyota and Mazda.

According to Mazda, your vehicle is equipped with a low-pressure

fuel pump which may stop operating. If this were to occur, warning lights may be displayed on the instrument cluster, and the engine may run rough. **This may result in a vehicle stall, and/or the vehicle may be unable to be restarted. This could increase the risk of a crash.**

For more information, visit www.toyota.com/recall.

WHAT TOYOTA WILL DO TO HELP

Any authorized Toyota dealer will replace the low-pressure fuel pump with an improved one **FREE OF CHARGE** to you. The repair will take approximately one hour. However, depending on the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time.

EVITA PONER EN PELIGRO A TUS SERES QUERIDOS Y A TI MISMO.

POR QUÉ RECIBES ESTO

Tu 2020 Yaris fue diseñado y fabricado por Mazda bajo un acuerdo entre Toyota y Mazda.

Según Mazda, tu vehículo está equipado con una bomba de combustible de baja presión que pudiera dejar de funcionar. De ocurrir esto, las luces de advertencia podrían encenderse en el panel de instrumentos y el

motor podría operar de manera forzada. **Esto puede provocar que el vehículo se detenga y/o que el vehículo posiblemente no pueda volver a encenderse. Esto podría aumentar el riesgo de choque.**
