Tiffin Motorhomes has become aware of the possibility the sofa seat belts were not mounted correctly. In the event of an accident, passengers that are sitting in the sofa may not be properly secured in place with the current seat belt anchoring method, which may cause them injury. **Until the repairs have been completed, do not use the sofa seating positions and seat belts during travel.**

Please arrange to take your motorhome to a **reputable service center OR dealer of your choice** to have the correction completed. A list of Tiffin Motorhomes authorized dealers is available online at <https://tiffinmotorhomes.com/service-center-locations>. This repair should take 30 minutes per sofa to complete. This work will be completed at no charge to you, the owner.
