Safety Recall 52211 - NHTSA Campaign Number 21V-750**

September 2023

**This notice applies to your vehicle: VIN \_\_\_\_\_**

Dear Mazda Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Mazda Motor Corporation has decided that a defect which relates to motor vehicle safety exists in certain 2020-2021MY CX-9 vehicles equipped with 60/40 split adjustable-type second-row seat (bench type second row seat) produced from March 18, 2020 through February 12, 2021. If you received this notice, your vehicle is included in this Safety Recall. **As of the date of this mailing your vehicle remains unrepaired.**

#### **What is the problem?**

On certain 2020-2021 CX-9 models the driver side 60/40 split-bench second row seat may slide forward during a vehicle crash. In this condition, the seat belt may transfer excessive force to the occupant, increasing the chance of injury. There is no warning or indication to vehicle users before this defect occurs. Vehicles equipped with second-row captain seats are not affected by this recall.

#### **What will Mazda do?**

##### **Protect What Is Important To You**

On models equipped with a 60/40 split second row seat, the dealer will install modified parts in the second-row seat track mechanism. The repair will be performed at no cost to you.

#### **How long will it take?**

It will take approximately one and a half hours to complete the repair; however, your Mazda dealer may need your vehicle for a longer period of time. Mazda will provide alternate transportation, if needed, when your vehicle is at an authorized Mazda dealership for a recall repair. Please schedule an appointment with an authorized Mazda dealer so they can discuss and accommodate your needs.

#### **What should you do?**

Mazda is concerned about your safety, and we encourage you to contact any authorized Mazda dealer to schedule an appointment to have your CX-9 vehicle repaired as soon as possible. You do not need to bring this notice to the dealer, but it may assist in the check-in process.
