

## Service Information Letter

Please read this entire Information Letter before proceeding. Contact Rosenbauer America at the email address below if there are any concerns with information contained in this document.

---

**Subject:** Requesting increased speeds of trucks up to allowed ratings for tires

**Applies to:** 2012-2021 Rosenbauer Fire Apparatus

**Reason:** The purpose of this communication is to provide Rosenbauer Dealers requirements when discussing vehicle top speed and tire ratings with customers that exceed NFPA guidelines.

**Action/Compliance:** If the customer/dealer would like to exceed the vehicle top speed available for the type of apparatus and weight rating per NFPA (including Demo trucks), all the following conditions must be met:

1. The vehicle configuration must be capable of achieving their top speed request.
2. The tires must be rated for the top speed or greater.
3. The customer must sign an NFPA statement of exceptions.

Under no circumstances will Rosenbauer authorize a vehicle top speed in-excess of the tire ratings.

**Please contact your regional manager with any questions.**
