# IMPORTANT SAFETY RECALL

## Software Update

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US has decided that a defect, which relates to motor vehicle safety, exists in certain [2018 - 2020 Model Year (JL) Jeep Wrangler and 2020 (JT) Jeep Gladiator] vehicles.

#### WHY DOES MY VEHICLE NEED REPAIRS?

In some circumstances, the clutch pressure plate on your vehicle <sup>[1]</sup> may become overheated through friction, which may lead the pressure plate to rapidly fracture. When a pressure plate fractures, it may result in cracks or holes in the transmission case, allowing heated debris to be expelled from the transmission case. Heated debris expelled from the transmission case may come in contact with combustible materials in the vehicle, potentially leading to a fire. **A fire can result in increased risk of occupant injury and injury to persons outside the vehicle. In addition, this condition may lead to generation of road debris, which may be a hazard to other drivers.**

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

**The remedy for this condition is not currently available.** We are making every effort to finalize the remedy as quickly as possible, and will service your vehicle free of charge (parts and labor).

FCA US will contact you again, by mail, with a follow-up recall notice when the remedy is available. Once you receive your follow-up notice, simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment <sup>[2]</sup>. Additional options for your next steps are included on the left side of this notification. We appreciate your patience.

#### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](https://www.fcarecallreimbursement.com) to submit your reimbursement request online <sup>[3]</sup>. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
