For immediate release: SAFETY RECALL
Thule Group initiates recall in partnership with NHTSA of the Tepui Hybox 8001HB103, 8001HB112, Tepui Hybox Wedge, 8001HB203, Thule Tepui HyBox, 901100, and Thule Tepui HyBox Wedge, 901110, rooftop tents.

At the Thule Group we take quality very seriously and product safety is our top priority. Unfortunately, we have identified a defect of the identified rooftop tents where, when exposed to certain environmental and driving conditions, there is a risk of the tent becoming partly or fully detached from the vehicle's roof while driving, which could cause a vehicle crash or injure nearby pedestrians.

Consumers should immediately stop using the recalled products and contact Thule Group to arrange for the return of the rooftop tent and register for a refund or a replacement rooftop tent, free of charge.

Affected Tepui Hybox, Tepui Hybox Wedge, Thule Tepui HyBox and Thule Tepui HyBox Wedge rooftop tents are only models that have been manufactured between January 1, 2018 and April 28, 2021.

Only products affected:
