Dear Mr. Giuseppe:

In reviewing our records concerning Recall 21V-169, we have determined that Nissan was inadvertently delayed in notifying owners due to a mistake in recalculating the 60-day deadline. The Part 573 report was submitted on March 11, 2021, and the subsequent Part 577 owner notification was mailed on May 11, 2021. This was one day past the 60-day deadline.

After receiving approval of the customer notification letter from NHTSA on April 15, 2021, Nissan delayed its intended mailing schedule as it confirmed the affected population. Although Nissan communicated the details of this activity to NHTSA in a meeting on May 4, 2021, it appears that we miscalculated the 60-day deadline date. We are aware of our miscalculation and are adjusting our future scheduling to prevent recurrences.

Very truly,
