FIRSTNAME LASTNAME

Dear FIRSTNAME LASTNAME:

What is the reason for this notice?

Our records indicate that the following repair(s) have not been completed on your vehicle (Vehicle Identification Number XXXXXXXXXXXXXXXXXXXX). We recommend having your vehicle inspected at your local HONDA dealership and repaired as soon as possible.

Campaign Description	Campaign Type	Service Bulletin#	Defect Code
2019-20 Civic Fuel Pump Motor Safety Recall Expansion	Recall	21-029	6FE00

What will HONDA do?

The dealer will perform the necessary repair(s) for **FREE**.

Please call any authorized HONDA dealer and make an appointment to have your vehicle repaired for **FREE**. Once you make an appointment for your vehicle, your dealer can provide you with a better estimate of the overall time for this service visit. If you are not the only driver of this vehicle, please advise all other drivers and passengers of this important information.

California Owners Only

For one or more of the campaign(s), the DMV will not renew your vehicle's registration until the emissions recall(s) has been completed. After completing the repair procedure(s), be sure that your dealer gives you a Vehicle Emission Recall - Proof of Correction certificate for each campaign. Please make sure the dealer completes and provides you the certificate for each emission campaign as Honda may no longer be automatically reporting completion for one or more of these campaign(s). Keep the certificate for your records as proof that the emissions recall was completed. Submit the certificate(s) to the DMV if the DMV requests it.
