Vehicle information:

VIN

2021 DODGE DURANGO GT AWD

Recall information: Y16/NHTSA 21V-280

Visit recalls.mopar.com for more information or call the FCA US Recall Team at [1-800-853-1403](tel:1-800-853-1403).

Details of the Recall

The Side Air Bag Inflatable Curtain (SABIC) on your vehicle may have been built with a loose or missing fasteners. A loose or missing SABIC fastener may result in an irregular SABIC deployment, which may increase the risk of occupant injury in certain types of crashes.

FCA US will repair your vehicle free of charge (parts and labor). To do this, your dealer will inspect the C-pillar SABIC fastener. Vehicles found with a missing SABIC fastener will have a new fastener installed and tightened to the proper torque specification. Vehicles that do not have a missing SABIC fastener will be inspected for proper torque, and tightened to specification if required. The estimated repair time is three hours. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience.

How do I schedule my **FREE** repair?

◆ Simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
