

Questions and answers

Lamborghini Urus – model year 2021.

“Engine Replacement”

■ **What is the issue with the affected vehicles?**

Lamborghini has discovered that on a specific number of vehicles there is a possibility that cracks could occur on the running surface of the cylinder 6' bore.

■ **What is the cause of this condition?**

A temporary process error at the supplier during the casting process of the specifically affected engine blocks during a specific time period. More specifically, temporarily misalignment of the automated mold-extrusion stamp occurred in the casting plant.

■ **What effect does the condition have?**

During engine operation, a crack in the bore can lead to an impaired contour of the piston's running surface. If this occurs, there is potential for engine damage, loss of power without warning, and oil leakage from a damaged engine block could occur which could increase a risk of fire.

■ **How can the condition be identified?**

Possible noises from the engine crankshaft may occur while driving and an oil pressure warning may be displayed in the instrument cluster.

Is there any risk for the car occupants?

Automobili Lamborghini S.p.A. is not aware of any accidents or other incidents resulting in injury to a person or damage to property.

■ **Which vehicles are affected?**

Lamborghini Urus, model year 2021.

■ **How many vehicles are affected worldwide?**

7 units.

■ **Which VIN numbers are affected?**

From ZPBUA1ZL6MLA11325 to ZPBEA1ZL6MLA12169; manufactured from October 2020 to December 2020.

■ **What exactly needs to be updated on the car?**

The engines of the affected vehicles must be replaced.

■ **How long will the repair work take?**

Normally, the repair work will take approximately 26 hours.

■ **Can customers continue to drive the cars?**

Customers can still drive their cars, however, we encourage them to arrange an appointment with their retailer as soon as possible. If noises from the engine crankshaft is present and/or an oil pressure warning is displayed in the instrument cluster, we recommend safely stopping the vehicle, switching the engine off and contacting your local retailer.

■ **Will Automobili Lamborghini S.p.A. bear the costs of the repair work?**

The costs of this campaign will be borne entirely by Automobili Lamborghini S.p.A.

■ **Where can I have the repair work carried out ?**

Any authorized Lamborghini dealer and Service point worldwide.

■ **Is it necessary to make an appointment at the workshop?**

Yes, customer should contact an authorized Lamborghini dealer or Service point.
