

NOTICE TO CUSTOMER

This vehicle is equipped with an engine-block heater that is affected by a recently announced GM safety recall. On July 1, 2021, GM notified the National Highway Traffic Safety Administration and Transport Canada that a short-circuit condition could develop in the engine-block heater cable or in the terminals that connect the cable to the block heater. A short-circuit condition can cause damage to engine components and, in rare cases, start a fire in the engine compartment.

Because this condition can only occur when the engine-block heater is on, your dealer has performed a repair on this vehicle that has rendered the engine-block heater temporarily inoperable. GM is developing a final repair that will restore the functionality of the engine-block heater. When this repair is available, you will receive a letter to return to the dealer to receive the repair.

If you sell this vehicle, you should provide this notice to the buyer of your vehicle. Please also retain a copy of this notice in the vehicle's glove compartment.

If you have any questions or need any assistance, please contact your dealer or the appropriate Customer Assistance Center at the number listed below.

Division	Number	Text Telephones (TTY)
