(XXX)XXX-XXXX

**Why your vehicle needs this FREE recall repair**

Your vehicle may have a lithium ion battery pack that may pose a risk of fire when charged to full, or very close to full, capacity.

**What will we do?**

A Chevrolet EV Certified Dealer will replace the lithium ion battery modules in your vehicle with new lithium ion battery modules.

**What should you do?**

Please contact a Chevrolet EV Certified Dealer to complete this important **FREE** recall repair. When you make your appointment, please confirm with the dealer that they can make this EV recall repair. Visit [chevrolet.com/dealer-locator](#) to find a different dealer.

**Get more information**

For more information about this safety recall, enter the affected VIN at [experience.gm.com/recalls/bolt-ev](#).

**No longer own this vehicle?**

If you no longer own this vehicle or someone else drives it, please update your info so we can contact the correct person with this important notice. Click [here](#) to update your information.

---

Because there is an open safety recall on the above vehicle(s), it's critical that we continue to attempt to contact the registered owner to have the recall repaired. For this reason, we do not remove an owner from our POSTAL MAILING list until the vehicle registration information is updated via state registration authority (i.e., Department of Motor Vehicles or Secretary of State).
