### Details of the Recall

The seat belts in your vehicle may contain seat belt retractors with suspect Automatic Locking Retractor ("ALR") levers that may affect the ALR function of the seat belt retractor. The ALR may deactivate earlier than intended and a child seat may not tightly secure to the vehicle seat.

FCA will repair your vehicle free of charge (parts and labor). To do this, your dealer will inspect the suspect seat belts and replace as needed. The estimated repair time is about one hour. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience.

### How do I schedule my **FREE** repair?
