**Mfr's Report Date:** May 27, 2022

**NHTSA Campaign Number:** 22V-384

**Components:**

EQUIPMENT:OTHER:LABELS

**Potential Number of Units Affected:** 5,247

**Problem Description:**

Ford Motor Company (Ford) is recalling certain 2022 F-Super Duty F-250, F-350, F-450, F-550, F600, and 2023 E-Series vehicles. In addition, certain 2016 E-Series, 2017 and 2019 F-450, 2021 F-350, and 2021 Transit vehicles that received a reprinted label are also included in this recall. The Safety Certification Labels are missing the tire size, rim type, and tire pressure values for both the front and rear axles. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard numbers 110, "Tire Selection and Rim", and 120, "Wheels and Rims-Other Than Passenger Cars."

**Consequence:**

Missing tire information could lead to an incorrect tire or rim being installed, or incorrect tire pressure, increasing the risk of a crash.

**Remedy:**

Dealers will replace the Safety Certification Label, free of charge. Owner notification letters are expected to be mailed June 27, 2022. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 22C09.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

We have received Ford's proposed owner notification letter and it is approved for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Ford Motor Company's contact for this recall will be DeMara Magruder who may be reached by email at [demara.magruder@dot.gov](mailto:demara.magruder@dot.gov). We look forward to working with you.

Sincerely,

Alex Ansley  
Chief, Recall Management Division
