**NHTSA Campaign Number:** 22V-463

**Components:**

**Potential Number of Units Affected:** 242

**Problem Description:**

General Motors (GM) has decided that certain 2022 model year Chevrolet Silverado, and GMC Sierra vehicles equipped with an accessory sport bar. The accessory sport bar contains a high-mounted brake light that may not function. In addition, it may block the vehicle's existing high-mounted brake light. **Remedy:**

Dealers will inspect the installation of the accessory bar and provide the correct vehicle wiring, if necessary, free of charge.
