NHTSA Campaign Number: 22V-573

Components:

STRUCTURE

Potential Number of Units Affected: 2,448

Problem Description:

Highland Ridge RV (Highland Ridge) is recalling certain 2022 Mesa Ridge, Mesa Ridge S-lite, Mesa Ridge XLT, Olympia, Olympia Lite, Olympia Sport, Open Range, Open Range Light, Open Range Roamer, Range Lite, Range Lite Air, Silverstar, Silverstar S-lite, and Silverstar XLT trailers. The electric retractable awning has a welded seam on the fabric that may separate, potentially allowing the awning to drop beyond normal operation.

Consequence:

An awning that drops or extends beyond normal operation can increase the risk of injury.

Remedy:

Dealers will inspect and repair, or if necessary, replace awning fabric, free of charge. Owner notification letters are expected to be mailed September 02, 2022. Owners may contact Highland Ridge's customer service at 1-800-283-8267. Highland Ridge's number for this recall is 9904578.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Highland Ridge RV's contact for this recall will be Kristin Lepper who may be reached by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,
