Subject: Missing Audio Safety Features

Dear Mr. Kobylarz:

This letter serves to acknowledge Jaguar Land Rover North America, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

LAND ROVER/RANGE ROVER VELAR/2022

Mfr's Report Date: August 4, 2022

NHTSA Campaign Number: 22V-581

Components:

ELECTRICAL SYSTEM:ADAS

Potential Number of Units Affected: 52

Problem Description:

Jaguar Land Rover North America, LLC (Land Rover) is recalling certain 2022 Land Rover Range Rover Velar vehicles. The vehicles were manufactured without an Audio Amplifier Module (AAM), and therefore will not provide audio safety features, such as seat belt reminders, turn signal sounds, and Advanced Driver Assistance System (ADAS) warnings.

Consequence:

Missing audio safety features, such as seat belt reminders, turn signal sounds, and Advanced Driver Assistance System (ADAS) warnings, can increase the risk of a crash or injury.

Remedy:

Dealers will install the missing AAM, free of charge. Owner notification letters are expected to be mailed September 30, 2022. Owners may contact Land Rover's customer service at 1-800-637-6837. Land Rover's number for this recall is N725.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

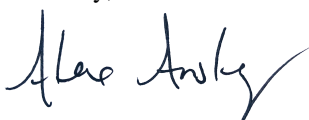

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Jaguar Land Rover North America, LLC's contact for this recall will be Emily C. Smith who may be reached by email at emily.c.smith@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
