**Components:**

**Potential Number of Units Affected:** 4,395

**Problem Description:**

REV Recreation Group (REV) is recalling certain 2018-2019 Fleetwood Jamboree, 2020-2023 Fleetwood Southwind, Bounder, Flair, Fortis, Holiday Rambler Admiral, Invicta, Vacationer, 2021-2023 Fleetwood Discovery, Discovery LXE, Holiday Rambler Navigator, Armada, Nautica, 2023 Fleetwood Flex, Holiday Rambler Eclipse, 2021 Fleetwood Pace Arrow LXE, 2018 Holiday Rambler Vesta, 2022-2023 Fleetwood Frontier, 2021-2022 Fleetwood Pace Arrow, Holiday Rambler Endeavor, and 2019 Holiday Rambler Augusta motorhomes. The hydraulic lines may have been improperly routed, secured, or protected, which can result in a hydraulic fluid leak.

**Consequence:**

A hydraulic fluid leak in the presence of an ignition source can increase the risk of a fire.

**Remedy:**

Dealers will inspect the hydraulic hoses for chafing or heat damage, and install hose protection, or replace them as necessary, free of charge. Owner notification letters are expected to be mailed October 28, 2022. Owners may contact REV customer service at 1-800-509-3417.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

**Please ensure the following requirements are met:**

Per the requirements of 49 USC 30119, please provide the part number, name and description of the component or components involved in this recall. This information should be provided in an amended 573 in the "Involved Components" section.

**AMENDED 573 REQUIRED.**

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
