Dear Mr. Sefzik:

This letter serves to acknowledge Alamo Group Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

ALAMO GROUP/ALLJETVAC/2019-2022

**Mfr's Report Date:** September 6, 2022

**NHTSA Campaign Number:** 22V-669

**Components:**

EQUIPMENT

**Potential Number of Units Affected:** 144

**Problem Description:**

Alamo Group Inc (Alamo) is recalling certain 2019-2022 All JetVac AJV1215, AJV1015, AJV0810, AJV1010, AJV0812, AJV0720, AJV0610, AJV1515, and AJV1215 Recycler vehicles. The clevis attaching the hose reel tilt rod and cylinder to the hose reel is an insufficient length, which can cause damage to the clevis and result in the hose reel falling to the ground.

**Consequence:**

A falling hose reel can increase the risk of an injury.

**Remedy:**

Dealers will install a threaded clevis of proper length, free of charge. Owner notification letters are expected to be mailed on November 4, 2022. Owners may contact Alamo's customer service at 1-830-379-1480.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
