Sr. Manager - Campaign Administration & Execution
Chrysler (FCA US, LLC)
1000 Chrysler Drive
Auburn Hills, MI 48326

NEF-107DM
22V-808

Subject: Inoperative TPMS Sensor/FMVSS 138

Dear Karen Blaesser:

This letter serves to acknowledge Chrysler (FCA US, LLC)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

CHRYSLER/300/2022
DODGE/CHALLENGER/2022
DODGE/CHARGER/2022

Mfr's Report Date: October 27, 2022

NHTSA Campaign Number: 22V-808

Components:

TIRES:PRESSURE MONITORING AND REGULATING SYSTEMS

Potential Number of Units Affected: 44,212

Problem Description:

Chrysler (FCA US LLC) is recalling certain 2022 Dodge Challenger, Dodge Charger, and Chrysler 300 vehicles. The Tire Pressure Monitoring System (TPMS) sensor battery may fail prematurely and cause the sensor to become inoperative. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 138, "Tire Pressure Monitoring Systems."

Consequence:

Inoperative TPMS sensors will not alert the driver to low tire pressure. In addition, a TPMS warning light that is already illuminated from a failed battery sensor will mask an actual tire pressure failure issue. Either of these scenarios can result in tire failure and increase the risk of a crash.

Remedy:

Dealers will inspect and replace the TPMS sensors, as necessary, free of charge. Owner notification letters are expected to be mailed December 16, 2022. Owners may contact FCA US, LLC at 1-800-853-1403. FCA US, LLC's number for this recall is ZB5. This recall is an expansion of previous recall number 22V-504.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Chrysler (FCA US, LLC)'s contact for this recall will be DeMara Magruder who may be reached by email at demara.magruder@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
