### Chronology:

Please see Attachment A for the requested chronology.

### Description of Remedy:

**Description of Remedy Program**: Owners may continue driving these vehicles; however, Hyundai recommends parking their vehicles outside and away from structures until the recall remedy is completed. All owners of the subject vehicles will be notified by first class mail with instructions to bring their vehicles to a Hyundai dealer for inspection of the ABS module and, if necessary, replacement with a new one. In addition to ABS module inspection, the ABS multi-fuse will be replaced with a revised one to mitigate the risk of a fire caused by an internal electrical short. The remedy procedure will be performed at no charge. Hyundai will provide reimbursement to owners for repairs according to the plan submitted on May 16, 2018.

**How Remedy Component Differs from Recalled Component**: The remedy ABS multi-fuse is rated at a lower amperage to effectively limit the operating current of the ABS module.

**Identify How/When Recall Condition was Corrected in Production**: N/A
