

TECHNICAL SERVICE BULLETIN 22-04

IMPORTANT SAFETY RECALL NHTSA RECALL NUMBER 22E-007

February 15, 2022

This notice is sent in accordance with the National Traffic and Motor Vehicle Safety Act. Weldon, a division of Akron Brass has determined that rear combination lamps that were manufactured between June 6 – 25, 2018 and shipped to Navistar do not meet the requirements of FMVSS 108 because the lamps do not fall within the color boundaries for white light. Vehicle lighting that does not meet the required color boundaries may increase the risk of a crash.

Weldon will provide you with replacement rear combination lamps that meet the FMVSS color requirements free of charge. In carrying out your inspections of lamps installed on vehicles, please refer to the table to determine if the lamp was manufactured on one of the dates shown. This can be found by reading the label on the back of each RCL lamp. Only lamps manufactured within this date range are affected.

If you believe there is a failure to remedy this defect without charge to the end user/owner of the vehicle and within a reasonable period of time, you may submit a written complaint to the Administrator, NHTSA, 1200 New Jersey Ave, SE, Washington, DC 20590, or call the Vehicle Safety Hotline 1-888-327-4336 (TTY: 1-800-424-9153) or go to <http://www.safercar.gov>.

Please note that it is a violation of Federal Law to deliver a new motor vehicle or any new or used item of motor vehicle equipment covered by this notification under a sale or lease until the defect or noncompliance is remedied.

Thanks for your prompt attention to this matter and continued support.

Manufacturing dates to look for:
