Urgent

Subject: **BMW Recall 22V-xxx: Transmission Mechatronics**

BMW AG is conducting a Voluntary Safety Recall (effective February 3, 2022) on **four** Model Year 2022 BMW vehicles that were produced between August 3, 2021 and December 14, 2021.

There is possibility that the screwing of the mechatronics of the automatic transmission was not carried out correctly. To fix this issue, the transmission mechatronics will need to be replaced.

The Recall Notice has been attached for further information.

The bulletin will be updated when additional information becomes available.

Sincerely,
Technical Service

SAFETY RECALL NOTICE

To: All Center Operators, Sales Managers, Service Manager, Parts Manager and Warranty Processor

RE: Recall 22V-xxx: Transmission Mechatronics – B24 01 22

BMW AG is conducting a Voluntary Safety Recall (effective February 3, 2022) on **four** Model Year 2022 BMW vehicles that were produced between August 3, 2021 and December 14, 2021.

Please be reminded that it is a violation of federal law (The Safety Act) for you to sell, lease or deliver any new motor vehicle covered by this notification until the recall repair has been performed. This means that centers may not legally deliver new motor vehicles to consumers until they are fixed or use/sell replacement equipment/parts subject to this recall. Note also that substantial civil penalties apply to violations of the Safety Act.

Also, you should not sell, lease or deliver any Certified Pre-Owned or used vehicles subject to a safety recall until the repair is completed.

Please follow any special instructions that we provide to you for the return or disposition of recall parts.

We appreciate all your assistance with this Recall.
