## **ATTENTION: ALL DEALER PRINCIPALS**

Kia America, Inc., pursuant to the National Traffic and Motor Vehicle Safety Act, is conducting a Safety Recall Campaign on certain 2022 MY Sorento vehicles equipped with 2.5L T-GDI engines and manufactured from March 3, 2022 through March 8, 2022.

During the production of the turbocharger oil feed pipe by the supplier, a crack may occur at the eye joint of the oil feed pipe. If a crack occurs, oil may leak and contact certain hot surfaces in the engine compartment, increasing the risk of a fire.

Dealers will replace the oil feed pipe assembly with a new one.

Your Service Manager was sent a copy of the owner notification letter and a Q&A guide for recall questions both of which describe the issue and information on how to access the list of affected vehicles. Kia will start mailing notices to the affected vehicle owners on **April 22, 2022**

### **What Should You Do?**
