

You are receiving this email because Capacity delivered a truck to you that has the POSSIBILITY of recall component

We have been notified by Sheppard of a recall on M100 steering gears manufactured between **June 16th of 2021 and March 8th, 2022.** This will apply to all models, both on-road and off-road trucks

Please find attached the recall letter from Sheppard, detailing how to determine if you have a suspect gear.

Should you find a suspect gear, please file a Capacity Warranty claim. Upon verification of the suspect gear, Capacity will ship a replacement gear. Please understand that the suspect gear must be returned to Capacity for the warranty claim to be settled.

Pursuant to NHTSA regulations and as this is a potential safety issue; please use all means available to you in identifying where these trucks are operating and notifying the owners/operators of this situation and to determine if the truck they have has a suspect steering gear.

Your RSM will be send under separate cover the trucks numbers of trucks that were shipped to you in the suspect time frame.

Capacity recall# is 22V537

Don't hesitate to contact me, should you have any questions.

Regards;

JP(JERRY) LOONEY
Director of Sales
