Pursuant to USC49CFR §577.13 – Notification to Dealerships and Distributors – Paragraph B

“It is a violation of Federal Law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by the notification under a sale or lease until the defect or noncompliance is remedied. Substantial civil penalties apply to violations of this law.”

–Forest River motorized and towable products are contained in this section–

CANADA: Pursuant to the Canadian Motor Vehicle Safety Act, section 5

Companies who sell new non-complying vehicles may be in violation of the Motor Vehicle Safety Act. Substantial penalties apply to violations of this law. This notice is being sent to you in accordance with the requirements of the Motor Vehicle Safety Act. This is to inform you that your vehicle may contain a defect that could affect the safety of a person.

Forest River has decided that a safety defect exists in many 2022-2023 Forest River and Coachmen Travel Trailer, Fifth Wheel and Motorhome recreational vehicles. Forest River is recalling the defect model(s) to ensure the safety of our future retail consumers and your dealership. Forest River apologizes for any inconvenience this action may cause your dealership; however, safety continued satisfaction and our commitment to building great products are of the utmost importance to Forest River.

The identified VIN referenced in the attached document(s).
The designated Date range of production is 1/17/2022 through 7/1/2022

DEFECT/NONCOMPLIANCE:

“Per Details of Lippert Recall 22E-055: There may be insufficient weld penetration in some areas between the fabric and the adjoining PVC extruded track. In cases of insufficient welding this can allow the welded seam at the fabric to coach interface to separate, and depending on the amount of separation, could allow the awning to unroll whether retracted or extended.

EVALUATION OF RISK:

In extreme cases the fabric could detach from the coach rail and remain attached to the awning. This could cause the awning to drop and extend beyond normal operation. This could cause injury or a crash.

SERVICE PROCEDURE:

Dealers: it is not necessary to contact Lippert for Prior Authorization. Please follow the procedures listed below and on Dealer Connect. A Claim will need to be filed through Dealer Connect with clear photos of the awning tag and photos for the inspection, as well as of any issues if repairs or replacement is needed.

Pictures of the remedy are a condition of payment in which must be provided with a claim against the repair code(s).

Parts: You may contact your Forest River representatives or Lippert Components to place the order if a replacement fabric is needed. Please reference the remedy instructions for part listings.
