

IMPORTANT SAFETY RECALL UPDATE

Steve,

In cooperation with the National Traffic and Motor Vehicle Safety Act, Polaris is conducting a voluntary recall of certain models:

Our records indicate that you are the owner of an **Test** with VIN **Test** affected by Safety Recall **Test**.

Indian Motorcycle has determined that Model Year 2019-2020 and 2022 FTR motorcycles may experience a failure at the coolant junction resulting in coolant loss during operation. If this occurs, coolant may come in contact with the rider, posing an injury hazard and/or coolant may come in contact with the rear tire, posing a crash hazard.

To resolve this concern, Indian Motorcycle has developed a repair procedure to replace the coolant junction with an improved part.

Owner Next Steps:

- Visit our [Product Safety Recall](#) web page to verify if your motorcycle is impacted by this safety recall. Search for the model or vehicle identification number (VIN) on the site to confirm.
- Schedule an appointment with an authorized Indian Motorcycle dealer. Do not attempt repairs yourself. Repairs must be done by an authorized Indian Motorcycle dealer. Your local dealer can be found on our [Dealer Locator](#) web page.
- Your Indian Motorcycle dealer is in the best position to answer your questions, but you may also contact our Owners Connections Department at **1-800-765-2747** to speak with a representative.

We apologize for this inconvenience and assure you that we are committed to customer satisfaction and providing world-class products for riders to enjoy.
