Safety Recall I-22-04

Indian Motorcycle has determined that Model Year 2019-2020 and 2022 FTR motorcycles may experience a failure at the coolant junction resulting in coolant loss during operation. If this occurs, coolant may come in contact with the rider, posing an injury hazard and/or

coolant may come in contact with the rear tire, posing a crash hazard.

To address this concern, Indian Motorcycle has released this safety recall with instructions to replace the coolant junction with an improved part.
