IMPORTANT STOP SALE NOTICE!
Stop selling affected vehicles immediately.

Stop Sale I-22-04

Indian Motorcycle has determined that Model Year 2019-2020 and 2022 FTR motorcycles may experience a failure at the coolant junction resulting in coolant loss during operation. If this occurs, coolant may come in contact with the rider, posing an injury hazard and/or coolant may come in contact with the rear tire, posing a crash hazard.

Indian Motorcycle is currently evaluating a repair procedure for this concern and will provide an update to dealers in the coming weeks.
