Dear valued Lamborghini Sales and Service Manager,

In the course of continuous product monitoring and internal tests, Automobili Lamborghini S.p.A. has determined that a defect that relates to motor vehicle safety exists in certain 2022 Countach vehicles.

Incorrect bonding of the rear bonnet glass panels, caused by an error in supplier's assembly phase, may lead to adhesion issue that could result in a detachment. The rear bonnet glass panels could fully detach from the vehicle, creating a road hazard and increasing the safety-risk of a crash for following traffic.

For the reason listed above, in a precautionary manner, Automobili Lamborghini decided to launch a worldwide recall campaign to rework the involved cars. The repair instructions are now available on the DMS section "Service and Recall Campaigns" as well as on LIASS.

In order to further support you in answering questions to your customers, we are attaching the FAQ (Frequent Asked Question) you must observe. Since these activities are extremely important, we are confident you will make every effort to ensure that the vehicles are repaired in the shortest time possible. For further information, please do not hesitate to contact your responsible Area Manager.

Every affected inventory vehicle must be **REMEDIED BEFORE DELIVERY TO CONSUMERS**. Therefore, please carry out following Stop Sale/Stop Delivery immediately.
