IMPORTANT SAFETY RECALL NHTSA RECALL No 22V-108

April 12, 2022

Dear Customer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Cummins have informed us that they had decided that a defect which relates to motor safety exists in certain Cummins X12 engine that might have been installed in the truck that RPM Tech Inc. have produced for your compagnie.

This notice applies to this truck:

Model: DR-106110

ESN: 75082286

VIN: 2R9538HC7L0708640

WHAT IS THE PROBLEM?

The fuel tubes between the fuel rail and the injector for cylinder 4, 5 and 6 may be susceptible to cracking, resulting in a high-pressure fuel leak. A high-pressure fuel leak in the presence of an ignition source may increase the risk of a fire.

HOW TO REPAIR THIS PROBLEM?

Cummins has released field Safety Campaign #C2532, X12 CM2350 X119B and X12 CM2450 X137B Fuel Injector Supply Line Safety Campaign to correct this condition by replacing the fuel tube s with new fuel tubes and installing vibration isolator for cylinder 4, 5 and 6.

WHAT SHOULD YOU DO?

Contact the nearest Cummins Distributor or authorized Cummins Warranty Dealer to arrange to have this campaign performed on your truck engine. The repair will be completed free of charge and most applications will require approximately 2 hours to complete. The Cummins distributor or dealer will work with you to schedule the best time to complete the repair.

Tenco inc.
1318 Principale
St-Valérien-de-Milton, QC J0H 2B0
Canada
Tél. : 450-388-1328
Fax. : 450-549-2415

In the meantime, we advise you to periodically check the injector fuel tubes for signs of leaking and to seek repair if leaks are identified. If a leak occurs, the operator may smell diesel fuel or observe a mist.

WHO SHOULD YOU CONTACT IF YOU HAVE FURTHER QUESTIONS OR CONCERN?

If you have questions or concerns about this recall, please contact Sylvain Lampron at 1-819-478-1421 ext:217 or by e-mail at sylvain.lampron@grouperpmttech.com.

If you have a complaint relative to this recall, you may report it to the following:

Administrator
National Highway Traffic Safety Administration
1200 New Jersey Avenue, SE
Washington, DC 20590

You may also call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

If you are no longer the owner of the truck listed on this recall, please forward this notice to the new owner or provide the new owner's contact information to Tenco inc. so that we can notify them of this recall.

Federal law requires vehicle lessors receiving this recall notice to forward a copy of this notice to the lessee within ten (10) day.

We apologize for any inconvenience and thank you for your attention to this matter.

Sincerely,

Sylvain Lampron
Project Manager
Tenco Inc.
